group services

## Portable Hygiene Screens

Product: AGS1001 / AGS1002

Made from crystal clear acrylic, these portable screens offer protection from airborne pathogens, germs, and bacteria, whilst keeping users on both sides protected. A small opening at the bottom of the screen allows for items to be passed through making this design particularly popular in shops and retail premises where items or money need to be exchanged. The panel slots into the two feet that hold it firmly at a slight angle. They are lightweight and can be flat-packed allowing them to be moved to different locations easily.

### **SMALL**

AGS1001 – 600mm(w) x 750mm(h)
